

Galli-Zugaro Mafia

Baron Emilio Galli-Zugaro is a Roman noble and Italian-German businessman who worked as the Head of Group Communications for Allianz a German insurance company that worked with the Nazis during WWII. Baron Fabrizio Galli-Zugaro is an Italian banker who works for the Italian division of the German bank Volksbank and worked for the German bank Commerzbank. The Galli-Zugaros are owners of the Dixie Mafia and oversees the Cox family of billionaires in the United States which reside in Atlanta, Georgia. The Cox family are worth about 40 billion as the owners of Cox Communications. The name Cox means a rooster. The name Galli means a rooster and the Galli-Zugaro family have a rooster and morning star on their coat of arms. The Cox family oversee the Dixie Mafia for the Galli-Zugaros and some British nobles with French ancestry. The Dixie Mafia is a massive organized crime group with at least dozens of factions. The Dixie Mafia operates all over the South and Mid West and much of their territory was part of the French Empire's New France. Several British nobles like the Beauforts and Somersets have French ancestry and they also have part ownership over the Dixie Mafia. The Italian Pallavicinis established a British branch during the 17th century through Horatio Pallavicini a British financier and they renamed them the Paravicinis and they are currently married with the Somersets with Charles Vincent Somerset Paravicini as a member. Vincenzo Galli-Zugaro is the founder and CIO of Seven Pillar Capital Management in the United Kingdom and he is a high level banker operating in London and works with the British nobles that have part ownership of the Dixie Mafia. The Dixie Mafia traffic weapons and drugs and have rackets on tobacco, moonshine, and ginseng which is a multi billion dollar industry. They have dry counties in some southern states in the US and the Dixie Mafia are behind this so they can monopolize the alcohol industry there. The Dixie Mafia pays tributes to the Galli-Zugaros through the Lucchese crime family which is owned by the Lucchesi-Palli family of Italy and Austria. Baron Emilio's grandmother was Princess Fabiola Massimo. The Galli-Zugaros are a noble clan from Viterbo, Italy and they married with the Massimo, Lucchesi-Palli, and Gaetani families.

Baron Emilio Galli-Zugaro is an Italian authority in Germany and an owner of the Dixie Mafia.

Prior to **founding Seven Pillars** in 2008, Mr. **Galli-Zugaro** spent **14 years on Wall Street** and the **City of London at Morgan Stanley and Merrill Lynch**.

At Merrill Lynch in London he was Managing Director in the global currencies group responsible for European institutional sales. He previously worked for them as a trader in emerging market currencies and interest rate products where he gained first-hand experience of turbulent markets in the Long-Term Capital Management and Asian crisis.

While at **Morgan Stanley as an executive director** he spent several years in an advisory/sales role covering some of the world's largest institutional investors and hedge funds, advising them on trades and investments across asset classes from a macro perspective.

Prior to working in the financial industry, he worked for a private US policy think tank in Washington DC, and served in the US Navy. He holds a BA in History (magna cum laude) from Columbia University in New York and also holds a **Master's degree in International Banking** and Finance from Columbia.

Galli-Zugaro coat of arms with the rooster. Galli means rooster and also refers to France or Gaul. There is a star on their shield which represents the Morning Star of Lucifer as roosters are associated with crowing at dawn or the beginning of the morning. The name Cox derives from Cocks another name for a rooster. The Cox family and the Dixie Mafia are genital traffickers. It is what they are. They are evil and need to be eradicated out of existence.

[https://en.wikipedia.org/wiki/Cox_\(surname\)](https://en.wikipedia.org/wiki/Cox_(surname))

The surname **Cox** is of English or Welsh origin, and may have originated independently in several places in Great Britain, with the variations arriving at a standard spelling only later.

The English word "**cock**", meaning "**rooster**", is derived from the Anglo-Saxon word *cocc*, and a fourth possibility is that the surname came about as a nickname.

Anne Cox-Chambers is a disease of evil and cannibalism and she wants to spread her disease into other women.
